

## Collaborate and Connect

Deloitte Connect is a secure, online collaboration site that facilitates a two-way dialogue between the Deloitte team and client to effectively manage engagement coordination. With drill-down status dashboards and system-generated email alerts, Deloitte Connect streamlines information requests and provides greater visibility to status – leading to a transparent, informative, and seamless experience.

**The result? A collaborative and transparent engagement that is more organized and disciplined.**

Interactive and intuitive user interface

Easy document upload to a secure site

Automatic notification alerts of new or outstanding requests

Streamlined information requests for an organized and simplified process

Real-time status dashboards and tracking of information requests

Convenient calendar view for easy access to milestones and tasks

On-the-go access to project status, mobile file scan, and push notifications for followed items using a mobile device

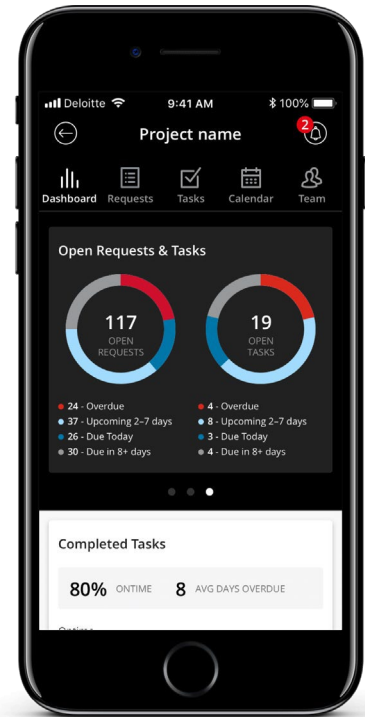

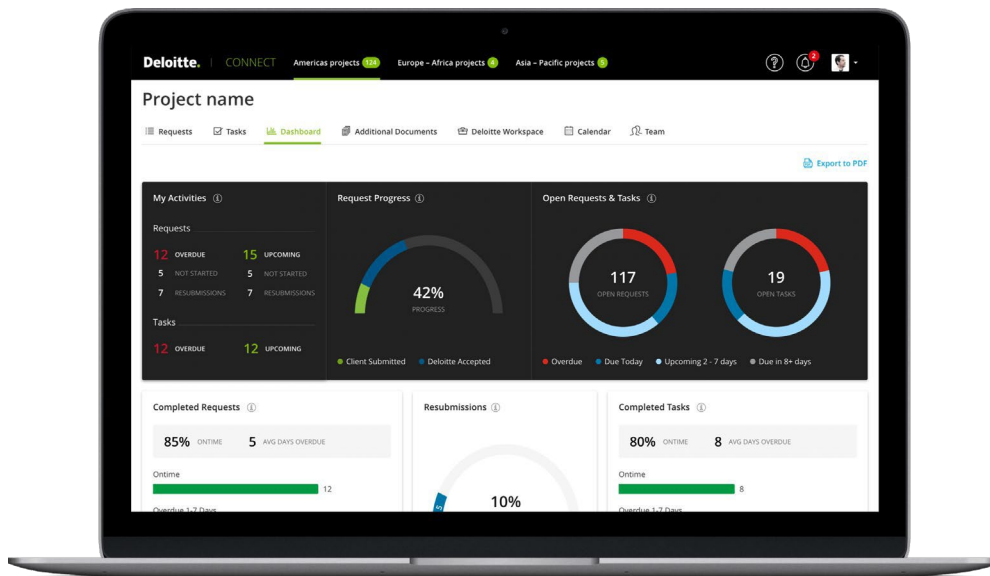

Secure solution for the collection of protected and sensitive data (which in the US includes PHI\*)

Driving positive, disruptive change to revolutionize what Audit can do – and how

When it comes to innovation, there's saying and there's doing. Deloitte does.

\*Protected Health Information (PHI) is individually identifiable information transmitted or maintained in any form or media by a Health Insurance Portability and Accountability Act of 1996 covered entity in the United States.

## Real-time progress tracking at your fingertips

## Benefits

### Greater transparency

Informative dashboards and drill-down overviews on the web and mobile applications provide the client and Deloitte engagement team with visibility into the fulfillment of information requests through real-time status updates.

### Streamlined request process

A centralized, secure online site for the Deloitte engagement team to send requests and for clients to fulfill requests by easily uploading documents.

### Improved monitoring

Emails, alerts, and push notifications provide real-time status on new and overdue engagement project activities with the ability to export the request and task listing to Excel for further analysis.

### Enhanced interactions

The interactive and intuitive user interface provides a secure site for the client and Deloitte engagement team to share information around the world.
